

## Desktop Touch Monitors

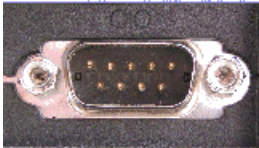

Magic Touch Touchscreen Integrated into OEM TFT LCD & flat CRT Monitors, 12" to 19" Screens

Serial (DB9) Plug

Serial (DB9) Port

USB Plug & Port

- A complete touch solution, yet the monitor, touch screen & controller can be serviced separately.
  - Can be activated on touch by almost anything - finger, fingernail, gloved hand or stylus.
  - Mouse can be used concurrently. An utility allows easy swap of left-right mouse-button functions.
  - Eliminates the electrostatic and significantly reduces the radiation generated from the monitor.
  - Excellent scratch resistance and chemical resistance. It may be cleaned with household cleaner.
  - Available for USB or Serial interface. Compatible - Vista, Win XP, 2000, 98, 95, ME, NT, Linux, Mac.
  - All the Mac versions (USB-M) have Mac driver included only.
- LCD Models
